

Envision Financial Services Named to
Software Magazine's 25th Annual Software 500

Software Magazine Ranks Envision as one of the World's Largest
Software Companies

Irvine, CA, December 12, 2007 - Envision Financial Systems, Inc., a leading provider of technology solutions to the mutual fund transfer agency industry today announced its third consecutive inclusion on the *Software Magazine's* Software 500 ranking of the world's largest software and service providers, now in its 25th year.

The world's largest, *Software Magazine's* list of the world's foremost software and services providers is available by going to www.myswmag.com and directly requesting a free subscription to digital Software Magazine published as an online catalog on www.Softwaremag.com.

Envision was ranked 426 among the 500 firms.

"Envision is extremely pleased to once again be recognized for our exemplary performance," said Satnam Gambhir, Chief Executive Officer of Envision. "This is a true testament of our business model and its gaining acceptance in the financial services industry."

"The 2007 Software 500 results show that growth in the software and services industry was healthy from 2006 to 2007, the ranking year. The industry continues to be dynamic with more than 132 new companies on the list this year," says John P. Desmond, editor of Software Magazine and Softwaremag.com

The Software 500 is a revenue-based ranking of the world's largest software and services suppliers targeting medium to large enterprises, their IT professionals, software developers and business managers involved in software and services purchasing.

The ranking is based on total worldwide software and services revenue for 2006. This includes revenues from software licenses, maintenance and support, training and software-related services and consulting. Suppliers are not ranked on their total corporate revenue, since many have other lines of business, such as hardware. The financial information was gathered by a survey prepared by King Content Co. and posted at www.Softwaremag.com, as well as from public documents.

About Digital Software Magazine, the Software Decision Journal, and Softwaremag.com

Digital Software Magazine, the Software Decision Journal, has been a brand name in the high-tech industry for nearly 30 years. Softwaremag.com, its Web counterpart, is the online catalog to enterprise software and the home of the Software 500 ranking of the world's largest software and services companies, now in its 25th year. Software Magazine and Softwaremag.com are owned and operated by King Content Co.

About King Content Co. and the Software Marketing Perspectives Conference & Expo

King Content Co., owner of Software Magazine, is holding the fourth annual Software Marketing Perspectives Conference & Expo at the Santa Clara Convention Center, Santa Clara, Calif., from May 7-9, 2008. Watch www.smpevent.com for more information. The SMPO event offers a spin-free zone where VPs and directors of

technology product management, primarily from the software industry, can share experiences and network with each other.
